UV Safety Info

Because July is UV Safety Month, doctors across the country are taking this opportunity to urge people to wear sunglasses and wide-brimmed hats whenever spending prolonged time in the sun.

And please, don't forget the kids. Children should also wear hats and sunglasses and try to stay out of the sun between 10:00 a.m. and 2:00 p.m., when the sun's ultraviolet rays are the strongest.

We welcome your safety concerns, questions and suggestions. Please address them to: icarvalho@bamsi.org
