ABOUT

The Brockton Community Outreach, Prevention, and Education (COPE) is funded by the Massachusetts Department of Public Health to provide services for individuals at high risk for HIV. COPE is committed to improving the quality of life of the individuals we serve. Through COPE, we aim to create a compassionate community, reducing the stigma and shame associated with substance abuse.

SERVICES OFFERED

- Street Outreach and Syringe Collection
- Confidential HIV, Hepatitis C, Sexually Transmitted Infections (STI) counseling and testing
- STI treatment
- Harm and risk reduction materials, training and education
- Overdose education and distribution of Nasal Narcan (OEND)
- Referrals to medical care including HIV & Hepatitis C (HCV) Treatment
- Syringe services including disposal
- Referrals for substance abuse treatment
- Fentanyl testing strips
- Provide basic needs such as socks, coats, hygiene products
