What is Transitional Employment?

Transitional employment is a structured, time-limited job placement aimed at assisting individuals who face barriers to securing permanent employment. This can include people recovering from long-term unemployment, disabilities, or other life challenges. The primary goal is to provide a supportive environment where individuals can build skills, confidence, and work experience, ultimately facilitating their transition to stable, permanent jobs.

Looking for a new job? Or maybe it is time to go back to school! Make an appointment to meet with Stephanie to find out how Our Clubhouse can help you on your path towards success!

Please Note: Meetings with the Employment Coordinator are by appointment only
